THE REVOLUTION BEGINS

2245AD.

The people are no longer free.

Their lives and destinies are controlled by a powerful corporate body, Centro-Holographix, that seizes suitable humans for transformation into holographic images, indistinguishable from their solid counterparts. Their unknowing minds and holographic bodies are programmed to perform any task the Masters should require.

Two of the deadliest, Hammerfist and Metalisis were ready for assignment: to dispense death and destruction under the evil instruction of Centro-Holographix.

They were political puppets; dangerous and skilled murderers who followed their binary politics to the letter – their masters didn't even consider the possibilities of a malfunction... especially one that would turn Hammerfist and Metalisis against the hand that fed them...

SO BEGINS THE REVOLUTION...
